

Self-Pay Office Visit Fees

**EFFECTIVE SEPTEMBER
2026**

A clear guide to professional office-visit charges for eligible patients who are not using insurance.

Eligibility is confirmed before the visit. These rates apply only when the practice confirms that a patient who does not have insurance, or will not use insurance, is eligible for self-pay pricing. They are not an offer to bypass Medicare, Medicaid, or insurance-contract requirements.

New-patient office evaluation

Your first professional office visit with the practice

CPT	Visit	Fee
99202	Level 2	\$150
99203	Level 3	\$200
99204	Level 4	\$450
99205	Level 5	\$600

Established-patient office visit

For patients already established with the practice

CPT	Visit	Fee
99211	Staff service*	\$100
99212	Level 2	\$125
99213	Level 3	\$150
99214	Level 4	\$300
99215	Level 5	\$500

How the visit level is determined

The clinician assigns the service code after the encounter based on documented medical decision-making or, when applicable, total physician or qualified health professional time on the date of service. Patients do not select the billing code. ***99211 is a limited established-patient clinical-staff service and may not involve the surgeon.**

What the listed fee covers

Merrimack Thoracic & Esophageal Surgery's professional office-visit fee only.

What is billed separately

Hospital or facility fees, procedures, anesthesia, imaging, laboratory services, pathology, medications, and services from other clinicians or organizations. Separate estimates may be required.

Your right to a Good Faith Estimate

This fee schedule is not a patient-specific Good Faith Estimate. If you are uninsured or the practice confirms you are eligible to self-pay, you may request a written Good Faith Estimate when scheduling qualifying care or at any time before care. If a provider or facility bills you \$400 or more above its estimate, federal dispute rights may apply. Call **(978) 775-1428** to request an estimate. Learn more at cms.gov/medical-bill-rights.

Prices are subject to change. Confirm eligibility and current fees before your visit. This general schedule is not a contract or a personalized estimate.
